

# FG-MV Working Group 9: Collaboration

---

Stella Kipsaita  
Co-chairman, FG-MV Working Group 9

September 2023

# Working Group 9 on Collaboration

Newly established during the 2<sup>nd</sup> FG-MV in July 2023

## Terms of reference

- Promote more **active collaboration with other SDOs** by setting up a close liaison relationship, including the appointment of an FG-MV liaison rapporteur to other relevant SDOs
- Focal point on **collaboration issues**, including coordination of incoming and outgoing Liaison Statements in FG-MV
- Develop deliverable on **gap analysis**, in collaboration with other SDOs
- Develop deliverable on **standardization roadmap** on metaverse, in collaboration with other SDOs
- Other collaboration-related issues of FG-MV

# Metaverse is being widely discussed in various SDOs and other organizations

IEEE SA Metaverse Standards Committee

OGC Geo For Metaverse Domain Working Group

ISO and IEC Joint Standardization Evaluation Group on metaverse

Metaverse Standards Forum

W3C Metaverse Interoperability Community Group

And more...

## FG-MV has been actively collaborating with many entities and groups

**17** incoming

Liaison Statements  
have been received  
by the FG-MV

**13** outgoing

Liaison Statements  
have been sent out

Liaison Statements  
have been received  
from and sent to

**71** other groups

# WG9 Workplan
